

I am upset that the FCC is allowing Pappas Telecasting Companies' to donate \$325,000 in airtime to Republican candidates in certain areas in my state of California and this is yet another example of a powerful media group abusing its privileged access to the public airwaves.

Me, my friends, family - all independent, Democrat, and Republican oppose this and will cease to support Pappas in any way as well as lose trust in the fairness of the FCC to regulate these illegal issues.

Thank you.
